Re: Water Court Application in Case No. 2005CW038/Second Lots

Dear Terry:

Enclosed please find a copy of the Water Court application to quantify the water under the second lots that were missed in the first decree. The application was filed in February and there is now a two month period which ends on April 29th during which time the application will be published and other parties may file statements of opposition.

We will notify the involved lot owners of this filing. If you have any questions, please call.

Sincerely,

Gary J. Crosby
Paralegal to Rick Fendel
